Subject: Concerns about candidate selection in Ward No. 13

Respected Sir(s),

I would like to respectfully bring to your notice some concerns regarding the candidate selected for Ward No. 13 in the upcoming municipal elections.

Many local voters and party workers are not fully satisfied with this decision. It seems that the selection has not matched the expectations of the party's loyal supporters in the area.

Some workers have also said that the selected candidate has not been very active in party activities in the past. Because of this, there is some disappointment among dedicated party workers.

I would also like to humbly mention that I have served as an Ex-Corporator with full dedication to the party. Many of my supporters and well-wishers were expecting that I would be considered for the candidature. Their feelings also need to be considered.

Therefore, I kindly request you to please review this decision and consider the views of the voters and party workers, keeping in mind the party's best interest.

I would also like to assure you that I am always with the party and remain a well-wisher, fully committed to its ideals and success.

I remain a loyal and dedicated karyakarta of the Bharatiya Janata Party and have full faith in your leadership.

Yours faithfully,

Nitin Ramani
